WWW.MARTINSMAYHEM.CO.UK

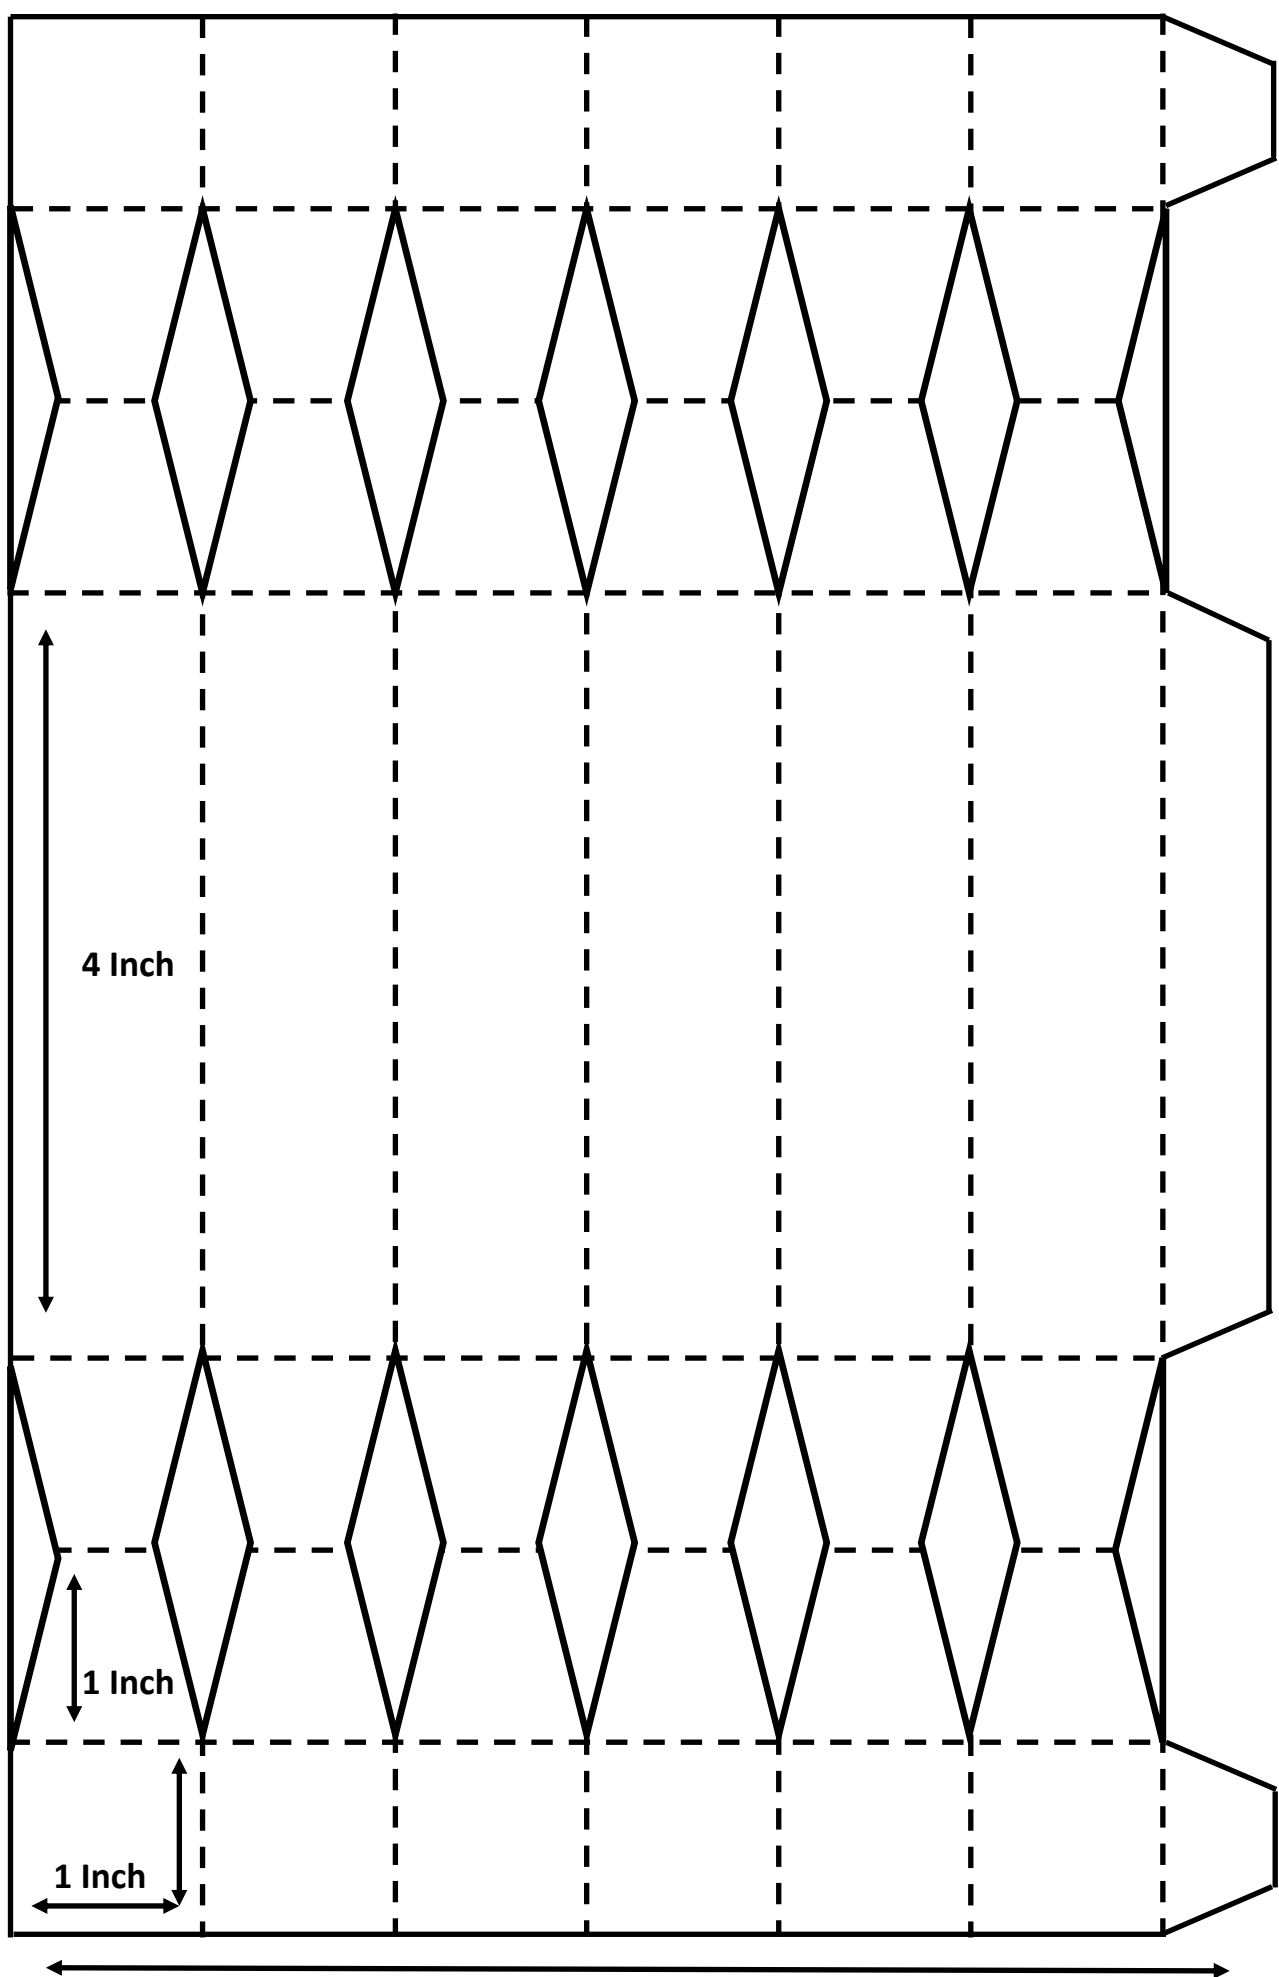

This is a free template by Martin Stone of Martin's Mayhem. This template will create an cracker that when complete measures just under 10 inches long. An example of how this template can be used can be viewed by [clicking here](#).

Please feel free to share any of your projects made using this template on any social media platforms using the hashtag - #MartinsMayhem.

You will require a piece of card stock or chosen material that measures 10 inches x 6.5. From left to right, you will need to score at every inch. Rotate your card to 90°. Score at 1 inch, 2 inch, 3 inch, 7 inch, 8 & 9 inches. You will need to create tabs as directed by the template as well as the time shape. The template is the correct size so can be printed off as directly onto the card stock.
